# Introducing

Our New Fire Resistance Testing Laboratory - Hyderabad, India 

Advancing Safety. Ensuring Compliance. Empowering Innovation.

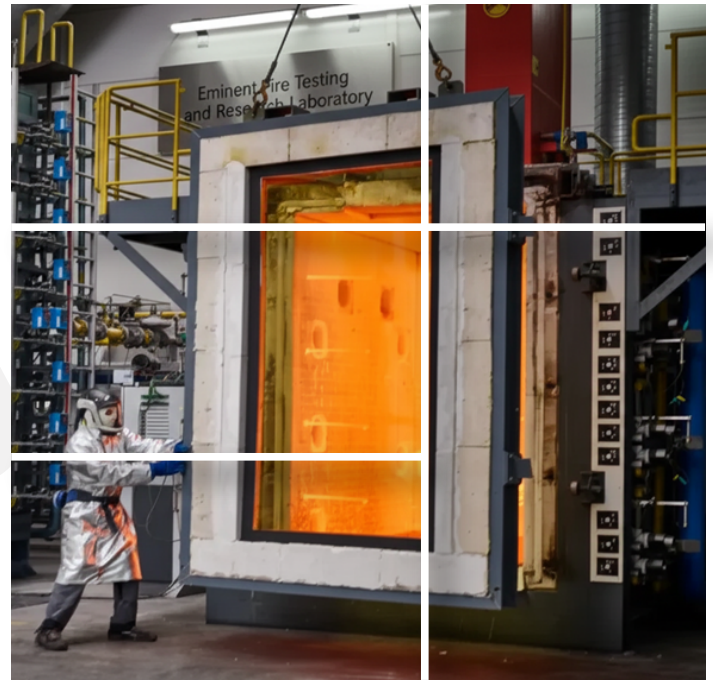

We are proud to announce the launch of our state-of-the-art Fire Resistance Testing Laboratory, coming to Hyderabad within the next 6 months. Designed to meet the rising demands of safety, certification, and regulatory compliance, our facility brings globally recognized test methods and unmatched accuracy to India's growing fire-protection industry.

## Highest Accuracy in Fire Testing

We adhere to internationally accepted fire-testing standards and follow the most reliable, scientifically validated test methods to ensure precise and reproducible results. Supporting National Safety Goals  
Our mission is to help India grow stronger in fire safety, regulatory compliance, and quality assurance, contributing to safer infrastructure and industrial development across the country.

## Partnering for Progress

We look forward to collaborating with manufacturers, developers, contractors, and certification bodies to deliver testing excellence and trustworthy data.

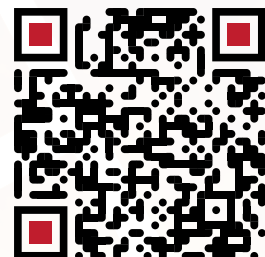

## OUR LAB SPECIALIZES IN FIRE-RESISTANCE TESTING FOR:

### Vertical Products

-  Fire-rated walls & partitions
-  Fire-rated doors & shutters
-  Facade systems
-  Loadbearing Columns
-  Ducts, Dampers
-  Paints
